

HOW WE DO IT

VIVAT International aspires to address the issues and concerns of our members at both the grassroots, and the systemic levels.

At the grassroots level, VIVAT International and its members;

1. Work with affected people
2. Network with other NGOs

3. Lobby with and influence governments to enact various legislations and carry out commitments made at the national, international and UN levels

At the systemic level, VIVAT works to influence government delegations at the UN;

1. To bring about sound policies and devise effective programs
2. To establish and promote gender equality
3. To promote a people-centered approach to development
4. To make development sustainable
5. To bring about peace and harmony

The name VIVAT is derived from the Latin verb "VIVERE," meaning "TO LIVE," and expresses our deep concern for all that exists
